

REMARKS

Claims 1-37 were originally pending in this application. After two restrictions, claims 1, 15, 18, 19, and 25 are currently pending. The Office has objected to figures 7, 9, and 10 of the drawings because they fail to show capacitor 300. The Office has also rejected claims 1 under 35 USC § 102(b) as being anticipated by Henderson (U.S. Pat. 4,777,718). Claims 18 and 19 have been rejected under 35 USC § 103(a) as being unpatentable over Henderson in view Chakravorty (U.S. Pat. 6,611,419). The Office also stated the allowability of claims 15 and 25 if rewritten in independent form. This is a non-final Office action and is responsive to Applicant's communication filed on December 23, 2004.

Allowable Claims 15 and 25

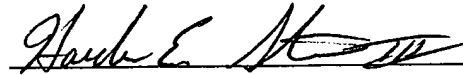

Applicant has rewritten these claims in independent form and canceled claims 1, 18, and 19.

CONCLUSION

Applicant asks that the Office reconsider this application and allow the pending claims. Please charge any fees that might be due, excluding the issue fee, to deposit account 14-0225.

Respectfully submitted,
